

**June 28, 2022**

I have never joined or registered as a member of a political party. To this day I am a **Constitutionalist**, plain and simple. There is no “Constitutionalist party” to join. I guess that’s because there’s such a small number of American citizens, like myself, who have even bothered to [read the U.S. Constitution](#) let alone take it seriously; **case in point**, all the Marxist Libtard Demoncraps (MLDs) rioting in MLD stronghold cities (from DC to NY to LA to Chicago to Seattle to Portland to Denver, et al) over Roe v Wade being overturned, as we speak.

From an early age (about 19 years old), thanks to having a decent high school education (also rare now days), I’ve always known that “democracies” are one step away from becoming communist strongholds. The entire concept of “majority rule” is nothing less than “mob rule”; just like the mobs in the streets and the media today who are backed and paid for by the MLD party. And that’s why there are “checks and balances” built into the Constitution to begin with. The founders knew pure democracies are easily corrupted... and so do I... and so should YOU.

**The USA is and always has been a Constitutional Republic.** But once they cooked up political parties that was the beginning of the end. That’s when “we the people” became divided and the **checks against mob rule**, such as the electoral college system and SCOTUS, started to be undermined. That’s how those who vote – thinking that the USA is a “democracy”, as those who have been sucked into the MLD party vortex are told over and over again – have been slowly and surely brainwashed into thinking like socialists, thinking like Marxists and thinking like communists. And that’s how many of them have been taught that the best way to fly, and to maintain “democracy” (?) in the USA, is by voting for “demoncraps” (communist wannabes). Or worse yet RINOs.

I’ve always known how easy it is to rig elections, to brainwash voters, to corrupt voting systems, etc. And I know how hard it is to figure out who (or what) to vote for, to make sure they are not tyrants, to make sure they are patriots, to make sure they know what they are talking about, and to make sure they cannot be bought and paid for puppet rulers (like Biden and Harris).

Once “we the people” voted for and installed Obama, Biden and Clinton (who are obviously communists) into office in DC, that’s when I (and millions of others) knew it was time, for sure, to vote for someone else who would lead the country against the terrorists and Marxists out there who would love to take over the planet... starting with the USA. You can bet that I have never voted for a MLD; and I never will. I’d rather shoot one than vote for one.

**So, why did I draft this document?** Well, mainly, because I have some sources of information to pass along proving my points. First, links that cover the [other side](#) of the [January 6, 2021 protest](#) everyone should check out: [Jan 6 Truth](#) ... plus...

[This link will take you to my blog page](#) where you should spend some time exploring all sorts of information I have compiled over the past couple years about the corruption going on around the country. Knock yourself out any time you have nothing better to do; *which is just about any time*.

And, **most importantly**, IF you [email me](#) for my **USER ID** and **PASSWORD** you can [then go to a Locals LOGON Screen](#), [click on Content](#) and watch the full **2000 Mules documentary** (I bought it so you don’t have to) and decide for yourself what voting by mail in the USA is really all about now days; now that the MLDs have dug themselves in like ticks and have started bleeding the country dry from within. Here’s **your chance to wake up**. Take your vote back. And pass it on.
