The Declaration of Independence was approved on July 4, 1776.

The final draft of the U.S. Constitution was signed on September 17, 1787.

The U.S. Constitution was ratified by all 13 states on May 29, 1790 (the required nine states ratified it on or before June 21, 1788).

The Bill of Rights were adopted on Dec 15, 1791.

And in 1887 Lord Acton said, "Power tends to corrupt, and absolute power corrupts absolutely. Great men [and women] are almost always bad men [and women]."

From then to now, July 5th, 2016, one day after the recent U.S. July 4th celebration, and after nearly 8 years of rule under President Barack Hussein Obama, that is exactly what the Democrat Party has managed to do to the government of the United States of America... corrupt it absolutely.

Today Barack Obama is giving a speech supporting a person who broke several federal laws and who is an, as yet, unconvicted felon running for the highest office in the country. Obama has no shame because he is as corrupt as it gets.

For the past eight long years, people like Barack Obama, his prior U.S. Attorney General, Eric Holder, a prior Senate Majority Leader, Harry Reid, a prior Speaker of The House, Nancy Pelosi, a prior U.S. Secretary of Homeland Security, Janet Napolitano, the current U.S. Secretary of Homeland Security, Jey Johnson, the current Secretary of State of the United States, John Kerry, and now the currently U.S. Attorney General over the Justice Department, Loretta Lynch, are (or repeatedly have) simply decided to look the other way, after prior Secretary of State of the United States Hillary **Rotten** Clinton intentionally violated every federal law passed to insure full disclosure of Federal Government operations and to protect state secrets of the United States from getting into the wrong hands and bring potential harm to our nation.

Hillary **Rotten** Clinton is as guilty as hell. Moreover, every one of these administration officials, and many more, are as corrupt as hell also; when it comes to upholding the U.S. Constitution they all swore to uphold.

Why any of these people are still walking the streets is beyond me.

But, there is still one ace "we the people" have in the hole. If we elect Donald Trump for President and he cleans house and appoints the right people within our justice department, it is still possible to get Hillary **Rotten** Clinton charged and convicted of her crimes. That, my friends, will depend entirely upon you and how you vote this November. You can vote for more corruption... or not.
